Thursday, Nov. 1, 1962

Sale at Audubon Auction Co., Pavilion on
Audubon County Fairgrounds.

Audubon, Iowa

Sale Starts promptly at 12:30 p.m., C.S.T.

Albert J. Hamann, Sale Manager

ROCK RAPIDS, IOWA

(On the front cover—Leader Talisman 9th sire of 20 females in sale.)

General Information

TIME—Thursday, November 1, 1962. Sale will start promptly at 12:30 p.m.

LOCATION—The sale will be held in the Audubon Auction Co., Pavilion on the Audubon County Fairgrounds at Audubon, Iowa, which is located on U. S. Highway 71.

TERMS—The terms of this sale are cash unless other arrangements are made in advance with the seller, and the sale manager is notified of the arrangements. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at the buyer's risk as soon as bid off.

GUARANTEE—All cattle sold in this sale will be sold under the Standard Guarantee endorsed by the American Shorthorn Association.

LIABILITY—Each transaction in this sale will constitute a contract between the buyer and seller of each lot. The auctioneers, clerk and sale manager have been employed by the seller for specific tasks not connected with the handling of the cattle or the condition of the premises and they accept no liability, legal or otherwise for the buying contract or for any accident. Every effort will be provided for the safety for those attending this sale but the seller cannot accept liability for injuries that may occur. All persons attend this sale at their own risk.

HEALTH—All cattle will be sold according to the health regulations of the State of Iowa. Buyers must be aware of any variations between the laws of Iowa, and their own states. Interstate health certificates will be furnished.

CERTIFICATES OF REGISTRY—Certificates of registry with transfers entered and recorded in the buyer's name will be furnished for each lot sold and for every calf at foot. An application will be furnished for every calf carried in dam.

Where footnotes appear in this catalog they were furnished by the seller or written from information supplied by the seller.

BREEDING DATES—Announcements from the auction block on sale day regarding breeding dates are final and will take precedence over data in the catalog.

AUCTIONEERS—Dick Kane, Wisner, Neb.

SALE MANAGER—Albert J. Hamann, Rock Rapids, Iowa.

PERSONNEL—Ted Aegerter, American Shorthorn Assn., Seward Nebraska; Mervin F. Aegerter, The Shorthorn World, Aurora, Ill.; J. E. Halsey, Wallaces Farmer, Des Moines, Iowa.

MAIL ORDERS—Those unable to attend who desire to buy may contact any of the above men all of whom will be in attendance. Late bids on sale day can be phoned to the Sale Manager who can be reached at the Audubon Auction Co., Audubon, Iowa.

RESERVATIONS—Audubon has a good hotel and three good motels which are: McCourt Hotel, Bel Aire Motel, Jensen Motel and Goldie's Cabins.

HERD INSPECTION—The cattle will be moved to the sale pavilion in early morning of sale day. Prior to this they may be inspected at the Johansen farm located 5 miles West of Hamlin, or 3½ miles East of Kimballton on highway 64.

LUNCH—Will be available on grounds, and good cafes are nearby.

FURTHER INFORMATION—Prior to sale day either contact the owner, Everett Johansen, Audubon, Iowa, or the Sale Manager, Albert J. Hamann, Rock, Rapids, Iowa.

A Word About the Maple Ridge Herd

Starting with an established herd in 1953, Everett Johansen has improved this nucleus and built one of the best productive herds in Iowa.

It is unfortunate that due to physical disability he must disperse the herd at this time. However his good work has been a help to the breed and to future owners.

When inspecting this herd in early September, I could not help but marvel at the quality and productivity of this herd. The cattle were all sound and healthy. The junior herd sire, Mayflower Duke, running with a herd of thirty cows, and after a summer of heavy service certainly looked like the kind of bull every breeder would like to have his herd bull look like. The cows were all breedy looking matrons that carried good size and scale, swinging good udders and every one had a big husky calf of real quality following her. Rarely do you see thirty-two more uniform cows with thirty-two fine calves of uniform age and conformation at side, and all the cows rebred to calve at an ideal time next spring.

All these three-in-one combinations would be a sought after feature in any sale. However, that was not all, because there were also fourteen bred heifers with good heads, ideal conformation that looked as alike as peas in a pod. Through my mind ran the thought "What a group to start a real herd with." The four bulls, although young, were thick, sappy fellows that should develop into herd bulls.

Therefore, in my opinion this offering should appeal to everyone. In order to keep faith with his young 4-H customers of long standing, the owner agreed to castrate eight good bull calves which steers should be an attraction in this sale. Further, many of the heifer calves at foot will make ideal prospects for the boys and girls 4-H and FFA purebred heifer projects.

Therefore, I suggest that everyone interested in Shorthorns and good cattle be present at this sale and help himself. Rarely are real producing combinations like these offered for sale.

ALBERT J. HAMANN, SALE MANAGER

A Word From The Owner

The decision to disperse this herd of Shorthorns was a difficult one to make. However, since a severe back injury last winter, and considerable time spent in a cast and traction, physicians have strongly advised that I drastically curtail most physical work for some time to come for the benefit of ultimate recovery. Therefore, under these circumstances, it was realized that I would not be able to care for the herd the way they should be cared for so the decision to disperse was made.

The Maple Ridge herd was established in 1919 by the late Chas. F. Sornson, father of Mrs. Johansen, and maintained as an exceptionally productive herd.

In 1953 we purchased the Sornson farm and took over the entire Shorthorn herd. Since that time we have always rigidly culled the herd, purchased the best bulls we could find to fill our needs, and added improving females purchased in good sales from time to time.

The health of this herd has always been rigidly maintained and calfhood vaccination for Bangs has been practised for many years so that every female is now vaccinated with the exception of heifer calves that are too young.

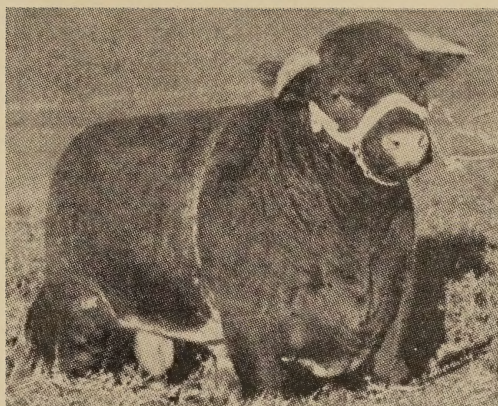

We honestly feel that the herd is now at the peak of production. We have had several 100% calf crops. All cows do a good job of raising their calves and breed back regularly.

Our aim has been to breed improving beef cattle of approved type and quality. We appreciate our Shorthorns and they have been good to us in the sense that we have had many satisfied customers. Many 4-H boys and girls including our own daughter have been very successful in the shows with our productions. In addition, we were very pleased to be host to the very appreciative Southwest Iowa Shorthorn Ass'n field day last summer. The guests expressed many kind words about our herd.

We regret to part with this herd just when it has reached this state of productivity but know they will do well for their new owners as they have done for us. Someday we hope to be back in the Shorthorn business.

Therefore, we cordially invite you to be with us on sale day and would be most pleased to show you the herd at the farm prior to sale day.

EVERETT JOHANSEN, OWNER

Susannas Forward March

Sire of 15 females in sale.

MAYFLOWER DUKE—This outstanding bull was purchased in the 1961 Iowa Royal Sale and is backed by a great show record. He was Grand Champion Bull at the 1961 North Iowa and All-Iowa fairs and junior champion at the 1961 Black Hills Exposition at Rapid City. His sire is by one of the very top sons of the \$10,000 Camson Better News and out of a good Augusta cow purchased in the A. J. Marshall dispersion. Her dam was by Cruggleton Perfect. This bull's dam is by Sandoon Dividend whose granddam was also by Cruggleton Perfect, so this bull's pedigree is strong in the blood of that famous sire. This bull's dam was a member of a first prize pair of yearlings at several State fairs and her dam was a Sioux Empire champion whose dam was an Iowa State Fair winner, so his background is all good cattle. Though only a two-year old, he was turned out with thirty cows who are all safely in calf to him and he still looks like he could walk into a show ring today and give a good account of himself. A sure, active breeder, here is a top young tried herd bull for someone.

Standard Guarantee

OF

AMERICAN SHORTHORN BREEDERS' ASSOCIATION

1. Proper care must be given to purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after the date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's disease of the state.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this Sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bang's Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
